

**IMPORTANT NOTICE**  
**PARKING PERMIT GUIDELINES BEGINNING IN MAY 2020**

The Central Eastside Industrial Council has recommended to the Portland Bureau of Transportation no changes to the on-street permit parking system in 2020-21.

The permit system guidelines for the Central Eastside Industrial District are outlined below and will start with the next permit renewal in **May 2020**. If you have questions about these guidelines, please contact [programs@ceic.cc](mailto:programs@ceic.cc)

**Grandfathering**

- Zone N permits may only be renewed for residents, employers and employees that bought permits the previous year. If someone has held a Zone N permit and moves physical addresses within Zone N, it is not possible to renew.
- If a zone N permit is not renewed, the applicant may not apply for a permit at a later time.
- Zone N and Zone G permits may be used to park in either permit zone area.

**Nontransferable**

- Zone N and G permits will remain nontransferable from one permit holder to another. Since the permit is issued to the tenants and not the building owner, the sale of a building will not impact the building tenant from receiving their Zone N grandfathered permits as long as the tenant remains at the same address.

**Continue Attrition**

- As permit stalls are replaced with time stay or meters following best practices for managing the permit system both Zone N and G permit areas will experience attrition. PBOT will conduct occupancy counts of the on-street system and determine blocks that will shift from permit to time stay or meters. Although no sunset date has been set for either zone, it is anticipated there will be substantially reduced parking available for permits over the next five years.
- The TPAC, PBOT, and CEIC will review the permit system annually to determine what actions will be necessary to address parking needs district-wide including sun setting the permit system. This year, there will be increased enforcement to ensure more stalls are available.

**Reduced permit availability**

- Both Zone G and N will limit permits to 70% FTE in 2020. Future permits issuance may be reduced based on data and best practices for managing the area.
- Similar reductions may apply to residents if future code allows for this.

**Guests and scratch off permits**

- Annual guest permits will no longer be available in Zone G and N.
- Businesses and residents may apply for up to 10 books of daily scratch off permits with a maximum of 10 books per permit year per address.

**Permit fee**

- Based on public feedback and in light of the impacts from COVID-19, the annual permit fee will remain \$370 for 2020-21.

A handwritten signature in black ink, appearing to read "Deane Funk", is positioned above the printed name.
